

## ELMP Test

English Language Measurement of Proficiency Test

ELMP Test is designed to assess your Functional English Language Attributes for work in an English speaking environment and study at tertiary level in an English speaking institution. ELMP Test is referenced to IELTS™ and TOEFL™ skill standards.

### ELMP Test involves:

- ➔ answering 90 listening, reading and writing questions online
- ➔ completing a writing section which is submitted online and marked by human examiners
- ➔ participating in a video interview conducted and assessed online by human examiners

Our examiners are experienced in testing ESL competencies and you will be video recorded in your interview with our examiners.
